- Different formats like legal formalities, MOU etc should be provided to start with.

7. Photographs (Send in soft)

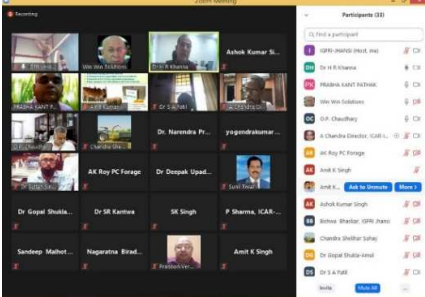

Note: Please send the information in MS Word or MS Excel. Please don't send Scan Copies.

DARE/ICAR Annual Report – 2021-22
National Agriculture Innovation Fund (NAIF)
Component-II (Incubation Fund)
(From 16th October, 2020 to 15th October-2021)

Brief progress statement: Agribusiness Incubation Centre approved on 16/10/2019 by ICAR and functioned from March 2020. The centre organized four virtual programmes to sensitize the stakeholders. Virtual meeting on silage bagging was organized on October 23, 2020 with Tasty Dairy Kanpur and Win-Win Solution Gurugram. An online ‘Technology licensing and entrepreneurship meet’ was organized on December 23, 2020 for seed companies, machine manufacturers, dairy owners, Milk Cooperatives and other major stakeholder. An On-Line Brainstorming Session on ‘Entrepreneurship opportunities in crop residue utilization for livestock feeding’ conducted by Agri-Business Incubation Centre (ABIC), ICAR-Indian Grassland and Fodder Research Institute Jhansi on 12th April 2021 in collaboration with ICAR-IIPR, Kanpur and RMSI, Jhansi under the umbrella of ICAR-IGFRI ABI Centre. An effort to bring all the players (different departments and officials) to a common platform to discuss about converging the efforts to develop need based and market segmented feed and fodder products was made by organizing virtual meet on 20th July 2021 on “National Platform on ICAR-IGFRI feed and fodder products and its marketing”. Also, physical meetings organized with stake holders like representatives of Reliance, Tasty Dairy and other Local Entrepreneurs. Advertisement in the local newspapers (Dainik Jagran and Amar Ujala) as well as in a National Newspaper (Indian Express) was published in the month of March 2021 and the same was given on institute website with the option for filling the google form by the stake holders. In response to this, 34 respondents submitted application on line through google form and offline. Out of the 34 respondents, 15 nos. have startups and 19 nos. have no startups. Process of their incubation is under consideration. Also, interinstitutional collaboration with ICAR - IIPR, Kanpur for utilization of crop residues as animal feed initiated and MOU signed. During the year, 1 each Incubator and Technology Seeker and 5 Business People Visited the centre. CEO Nandi Seeds and his Team, Hyderabad visited on 11/10/2021 and discussed in detail regarding fodder seed supply chain. Institute also focusing on Licensing of Machinery developed by the Institute through ITMU of IGFRI. The identified technologies for entrepreneurship development were:

1. Certified fodder seed production and processing
2. Silage and TMR production with various fodder crops
3. Organic Milk Production
4. Scientific goat farming
5. Animal feed production unit.
